## EFFICIENT PRODUCT PRESENTATION IN SPECIALIZED RETAIL

Optimal product presentation solutions for sunshades and accessories following the motto: „No product without a product display“.

The Point of Sale (POS) is the crucial location for selling products. Doppler revolutionizes the presentation of sunshades and accessories in specialized retail with innovative POS systems. These systems follow the „sample-product-principle“, in which product displays enable a clear and appealing product presentation.

Sunshades and accessories are presented in close proximity to each other to ensure easy access for customers. This well-organized product presentation improves the shopping experience, increases sales figures, and enhances customer satisfaction.

POS solution for Expert Easy Move Switch with integrated Euro pallet and associated accessories.

# CHEESE RACK

SPACE-SAVING AND MODULAR OPEN DISPLAY OF CENTER POLE UMBRELLAS
